

This map has been compiled with information from Port Bouvard and from the Master Plan map prepared by Greg Rowe & Associates. The map prepared by Greg Rowe & Associates was unable to be used due to possible infringement of copyright. While this map is fictitious, the density shown is NOT. The map depicts 1,900 houses. The development proposed by Port Bouvard is for upwards of 1,900 lots on the site when the new suburb is developed. Any similarity to the Master Plan drawn up by Greg Rowe and Associates is due to information provided by Port Bouvard and geographical features.

Is this what we want for Gidgegannup?
