

PORT BOUVARD LIMITED

9 November 2007

Ms Sally Block
Chair
Gidgegannup Progress Association
c/o 1137 Reen Road
GIDGEGANNUP WA 6083

Dear Sally

RE: STAKEHOLDER INTERVIEW

Thank you for your correspondence dated 6 November relating to your meeting with Debra Wilson of SMR on 30 October 2007.

In response to your questions raised in this correspondence:

1. Port Bouvard Ltd can confirm that the company has no on-going relationship with Michael Coleman of Risely Investments other than the current land negotiations which you have been advised of.
2. The plans, that were originally submitted to Council and which Michael Coleman outlined at the public meeting in October 2006 have now been withdrawn (please see enclosed correspondence). It is Port Bouvard Ltd's intent to undertake subsequent consultation, to that of the DPI, to create development plans which will then be submitted to the City of Swan for consideration.
3. Contact has now been made with the business community and other relevant stakeholders and we appreciate your feedback on this matter.
4. Please find enclosed a summary of the meeting conducted between the GPA and Debra Wilson on 30 October.

We hope that the above points clarify your requests and we look forward to working with the Gidgegannup community on its future growth.

Yours sincerely

JOHN WROTH
Development Director
