

Cr Darryl Trease JP
Swan Valley/Gidgegannup Ward Councillor

WHAT DO YOU WANT TO SEE IN YOUR COMMUNITY

I hope everyone has had a safe festive season and the New Year brings with it much happiness and prosperity.

The budget process is about to begin and although as we are all aware times are tough at the moment, I am seeking your input into what facilities you want to see in your community. Perhaps it's a sign, an upgrade or a major project that can be delivered over many years. For example, I believe there is a need for more youth facilities in the Swan Valley and will be requesting a skate park be located at a suitable location in the coming budget along with a much needed upgrade to the Gidgegannup Hall.

So, if you or your community group see a need please let me know. I would like your ideas before the end of January so I can put them forward in the coming year. There are no guarantees but if you want it considered I need to know soon.

Email your suggestions to darryl.trease@swan.wa.gov.au or phone to discuss on either 0418917513 or 92961835.

Take care, have a happy New Year and remember I can be contacted any time.

Best regards

Darryl.
