Guest Speaker: Geoff Barrett Ecologist and Author

Geoff studied birds in agricultural landscapes for his PhD at the University of New England before running the Birds Australia Birds-on-Farms survey and the National Bird Atlas project. In 2003 he moved from Melbourne to work with CSIRO in Canberra, continuing his interest in birds and farm conservation. Two years ago Geoff moved with his family to live in Perth (his wife is a Busselton girl) where he has been working as the Regional Ecologist for the Swan Region with the Department of Environment and Conservation.
